### ***Juicy Work* now available on Amazon.com**

*How-to Book on Personal Job Satisfaction and Creating Motivating Workplaces  
now available in Print and as eBook*

August 1, 2013, Falls Church, VA. Millions of people say they HATE their jobs - what a waste of energy, motivation, and productivity. But it doesn't have to be this way so long as individuals or their organizations know some innovative methods for workplace and individual job satisfaction enhancement. In her book, *Juicy Work*, author Sandy Mobley creates a compelling vision and process for finding work that you love. *Juicy Work* has just become available in both hard copy and as an eBook on Amazon.com.

In her first published book, Sandy Mobley, Author and Founder of The Learning Advantage says: "Question the notion that work is a four-letter word and use this book to make your life richer. We spend more time at work than in any other activity. If it is lacking, our lives aren't as rich." *Juicy Work* provides a model for individual discovery of work preferences that helps people identify jobs and careers that are truly fulfilling.

The book also presents stories of people who have used the *Juicy Work* process to find more meaningful work. Each chapter includes tools and techniques to help transform the job you have to one that's more satisfying or alternatively, to take steps toward identifying another job or career that thoroughly engages you.

For those fortunate people who already have work they love, the book offers ways to transform the workplace for others and to create a workplace where every person can do their best work. There are also techniques for management to methodically improve their work environment, leading to enhanced job performance and better overall productivity. According to Mobley, “Happy workplaces typically have highly - motivated employees and when employees are motivated to do their best, they perform better, they innovate more and they compete better.”

The Learning Advantage is a Leadership Development consulting firm based in the Washington, D. C. metro area that specializes in improving organizational effectiveness while maximizing the personal work experience. The Learning Advantage was founded by Sandra Ann Mobley in 1992 and works principally with major organizations and their executive management. *Juicy Work* is a proprietary service of The Learning Advantage.
